

SuperXgen Salon Marketplace

Problem Statement

Finding reliable salons and beauty services is difficult due to scattered information, lack of transparent pricing, and limited online booking options.

Solution

SuperXgen Salon Marketplace is a web platform that connects customers with salons in their city. Users can browse salons, compare services, book appointments, make payments, and receive personalized recommendations.

Key Features

- City-wise salon discovery
- Salon listing and details
- Online appointment booking
- User authentication
- Search and filter functionality
- User dashboard
- Salon owner dashboard
- Payment integration
- AI-powered support chatbot
- Personalized salon recommendations

Technology Stack

Frontend:

- Next.js
- Tailwind CSS

Backend:

- Firebase Authentication
- Firebase Firestore Database

Deployment:

- Vercel

Prototype Workflow

Home Page → Salon Listings → Salon Details → Booking → Payment → Dashboard → Support

AI Features

- Smart salon recommendations
- AI chatbot for booking assistance
- Personalized service suggestions

Future Scope

- Real-time appointment management
- Advanced recommendation engine
- Loyalty rewards program
- Multi-city expansion
- Mobile application
